

REMARKS

The preliminary amendment directs the entry of a concurrently filed sequence listing in compliance with 37 C.F.R. 1.821(c), without adding any new matter. The presently-filed updated sequence listing replaces a prior filed sequence listing, which had been submitted on September 10, 2007 on a compact disc. Applicants hereby submit that the sequence listing does not extend beyond the as-filed specification and as such does not introduce new matter.

Applicants believe the present application now satisfies all the formal requirements and is ready for examination.

No fees are believed due in association with the filing of this preliminary amendment, but the Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any papers hereafter filed in this application) to our Deposit Account No. 07-1048.
